# FAQs

Last updated : 2020-06-24 15:50:55

## How is CCN billed?

- Intra-region interconnection between CCN instances is free of charge if the bandwidth is 5 Gbps or below. To request for a bandwidth greater than 5 Gbps, please [submit a ticket](#).
- Cross-region interconnection incurs fees. The actual bandwidth usage in each region per month is billed on monthly 95th percentile. For more information, see [Pricing](#).

## How do I migrate a peering connection or a direct connect to CCN?

You can associate the network instance with the CCN instance and then implement smooth migration by disabling and re-enabling the related route. For more information, see [Best Practices](#).
