This Agreement shall then have legal effect on both you and Tencent Cloud, constituting a binding legal document on both parties.

You can integrate the mobile push functions, manage push notifications, and promptly push notifications or messages to users of your application to interact with the users.

1.2 Service Month(s): Service Month(s) refers to the calendar month(s) within the term of the Service purchased by you. For example, if you purchase the Service for a term of three months starting from March 17, there will be four (4) Service Months until June 16 (the first Service Month from March 17 to March 31, the second from April 1 to April 30, the third from May 1 to May 31, and the fourth from June 1 to June 16). The availability of the Service will be calculated separately and independently for each Service Month.

1.3 Service Downtime Calculated in Minutes within a Service Month: If (and only if) all your continuous attempts within one (1) minute to push information by calling Push API or through the management platform fail, it shall be deemed that the Service is unavailable within such one (1) minute. If your attempts within one (1) minute to push information by calling Push API or through the management platform succeed in whole or in part, the Service shall be deemed available within such one (1) minute. The accumulated Service downtime so calculated in minutes within a Service Month is the Service Downtime Calculated in Minutes for such Service Month.

1.4 Total Time within a Service Month Calculated in Minutes: the total number of days within such Service Month $\times 24$ (hours) $\times 60$ (minutes).

2. Service Availability

2.1 Calculation of Service Availability

Service Availability = (1 - Service Downtime calculated in minutes within a Service Month / total time of the Service within a Service Month calculated in minutes) $\times 100\%$

2.2 Service Availability Standard

The Service Availability of the Service provided by Tencent Cloud will be **no less than 99.9%** (“**Service Availability Standard**”). You are entitled to the compensation as set forth in Section 3 below if the Service Availability fails to meet the aforementioned standard, other than in any circumstance as set forth in the disclaimer of liabilities provisions.

3. Service Compensation

In respect of this Service, if the Service fails to meet the Service Availability Standard, you will be entitled to compensations in accordance with the following terms:

3.1 Standards of Compensation

(1) Compensations will be made in the form of voucher by Tencent Cloud, and you should follow the rules for using the voucher (including the valid term; for details, please refer to the rules of vouchers published on Tencent Cloud's official website). You cannot redeem such voucher for cash or request to issue an invoice for such voucher. Such voucher can only be used to purchase the Service by using your Tencent Cloud account. You cannot use the voucher to purchase other services of Tencent Cloud, nor should you give the voucher to a third party for consideration or for free.

(2) If the Service fails to meet the Service Availability Standard in any Service Month, the amount of compensation will be calculated for such month independently, and **the aggregate amount shall be no more than the applicable monthly service fee paid by you for such month** (the monthly service fee referred herein shall exclude the portion deducted by a voucher or promotional credit, due to discounted service fee or otherwise deducted).

Service Availability for a Service Month (Av)	Value of Compensation Voucher
$99.9\% > Av \geq 99.0\%$	10% of the monthly service fee
$99.0\% > Av \geq 98.0\%$	20% of the monthly service fee
$98.0\% > Av$	50% of the monthly service fee

3.2 Time Limit for Compensation Application

(1) If the Service Availability for a Service Month fails to meet the abovementioned Service Availability Standard, you may apply for compensation **through (and only through) the Tencent Cloud ticket system under your relevant account** after the fifth (5th) business day of the month immediately following such Service Month. Tencent Cloud will verify and ascertain your application upon receipt of such application. If there is any dispute over the calculation of the Service Availability for a Service Month, both parties agree that the back-end record of Tencent Cloud shall prevail.

(2) **You shall apply for such compensation no later than the sixtieth day following the end of the applicable Service Month in which the Service fails to meet the Service Availability Standard.** If you fail to make any application within such period, or make the application after such period, or make the application by any means other than that agreed herein, it shall be deemed that you have voluntarily waived your right to apply for such compensation and any other rights you may have against Tencent Cloud, in which case Tencent Cloud has the right to reject your application for compensation and not to make any compensation to you.
