**Currently, Serverless Framework is free of charge**, but the Tencent Cloud services used by it will be charged by resource usage according to their respective billing rules. Relevant Tencent Cloud services offer certain free tiers as detailed below:

## Free Tiers of Associated Services

Currently, Tencent Cloud services used by Serverless Framework, such as SCF, API Gateway, and COS, all provide a free tier as detailed below:

Service	Free Tier
SCF	SCF users are entitled to a certain free tier of 400,000 GB resource usage and 1 million invocations per month. For more information, please see <a href="#">SCF Free Tier</a> .
API Gateway	<ul style="list-style-type: none"><li>After the service is activated, the first one million calls in each calendar month in the first year are free of charge, and excessive calls will be billed at tiered prices.</li><li>After the service is activated, the first one GB of traffic in each calendar month in the first year is free of charge, and excessive traffic will be billed separately by region at the prices listed in the traffic fees table. For more information, please see <a href="#">API Gateway Free Tier</a>.</li></ul>
COS	New <b>individual/organizational COS users</b> are entitled to a free tier of 50 GB/1 TB standard storage capacity for 6 months, respectively. For more information, please see <a href="#">COS Free Tier</a> .
TencentDB for PostgreSQL Serverless	Currently, TencentDB for PostgreSQL Serverless is in beta test and can be used free of charge.

## Free Trial for New Users in the First Month

New users can use the Serverless Framework service free of charge in the first month within the free tiers of associated services, and excessive usage will be charged according to the respective billing rules of associated services.
