Quick Start
Offline Subtitling

Last updated : 2021-01-07 11:39:17

Step 1. Sign up and log in

Log in at the AIT official website to enter the console.

Step 2. Start service trial

You can try out the service for 10 minutes free of charge for various tasks such as audio and video transcription and translation.

Step 3. Create a task

You can select a subtitling task type according to your needs and upload your local video, and AIT will automatically transcribe or translate it for you.

Step 4. Edit subtitles

You can edit the subtitles transcribed or translated online. Specifically, you can change the subtitle text, add, delete, merge, and split subtitles, and adjust the time codes and subtitle styles with speed and ease.

Step 5. Export the result

You can export a subtitle file or embed subtitles into the video as needed.

Step 6. Purchase the service

After the trial is completed, you can top up your account balance for service purchase.

Live Subtitling

Last updated : 2021-01-07 11:39:17

Step 1. Sign up and log in

Log in at the AIT official website to enter the console.

Step 2. Choose an access method

You can choose between live streaming access and API access based on your needs.

Step 3. Create a task

You can debug the related APIs according to the documents and guides.

Step 4. Start live streaming

After API debugging is completed, when AIT detects your live stream, it will return subtitles and start billing.

Step 5. End live streaming

After the live streaming ends, AIT will retain the live subtitles in the console and calculate the fees for settlement.

Step 6. Export the result

You can export the generated live subtitles from the AIT console.
