# Free Trial License

Last updated : 2024-07-04 17:27:05

The User Generated Short Video (UGSV) SDK provides a trial version of the standard license. You can experience **Video Production + Video Playback** related features by **applying for a free test license** of the UGSV SDK. This document provides a description and guidance on the free application and upgrade operation of the trial version license.

## Note:

Each Tencent Cloud account can apply for a free UGSV trial license once, with a validity of 28 days. To continue using the capability after a trial license expires, please purchase an [official license](#).

After purchasing a license, you can bind it in the [CSS console](#), or the [VOD console](#) to [adding a new license or extend the validity of an existing license](#).

## Applying for a trial license

You can apply for a trial license (valid for 28 days) for the UGSV standard capability for free.

## Note:

If you apply for a trial license on `2022-10-01 11:34:55`, it will expire 28 days later on `2022-10-28 00:00:00`.

In the console, you can either **create a new trial license select the UGSV** or **activate a new capability for trial for an existing application**.

Create a new trial license select the UGSV

Activate a new capability for trial for an existing application

1. Go to the [CSS console](#), or the [VOD console](#), visit the **License Management** page, and click on **Create trial license**.

2. Enter the `App Name`, `Package Name` and `Bundle ID`, select **UGSV Standard** (video production(basic) + video playback), and click **Create**.

### Create trial license ✕

#### Basic information

**i** App name, Package name, and Bundle ID are required and can be modified later.

App name  ✓  
Max 128 bytes; supports letters, Chinese characters, numbers, spaces, underscores, hyphens, and periods. E.g.: TRTC

Package name  ✓  
Max 128 bytes; supports letters, numbers, spaces, underscores, hyphens, and periods. E.g.: tencent.trtc.com

Bundle ID  ✓  
Max 128 bytes; supports letters, numbers, spaces, underscores, hyphens, and periods. E.g.: tencent.trtc.com

#### Capability

**i** Each trial license can only be used for one capability. A trial license is valid for 28 days and cannot be renewed after expiration.

UGSV Standard	Valid for 28 days Available
MLVB	Valid for 28 days Available

3. After the trial license is successfully created, you will see the License URL and License Key, which you need to pass in when initializing the SDK. Save a copy of the information.

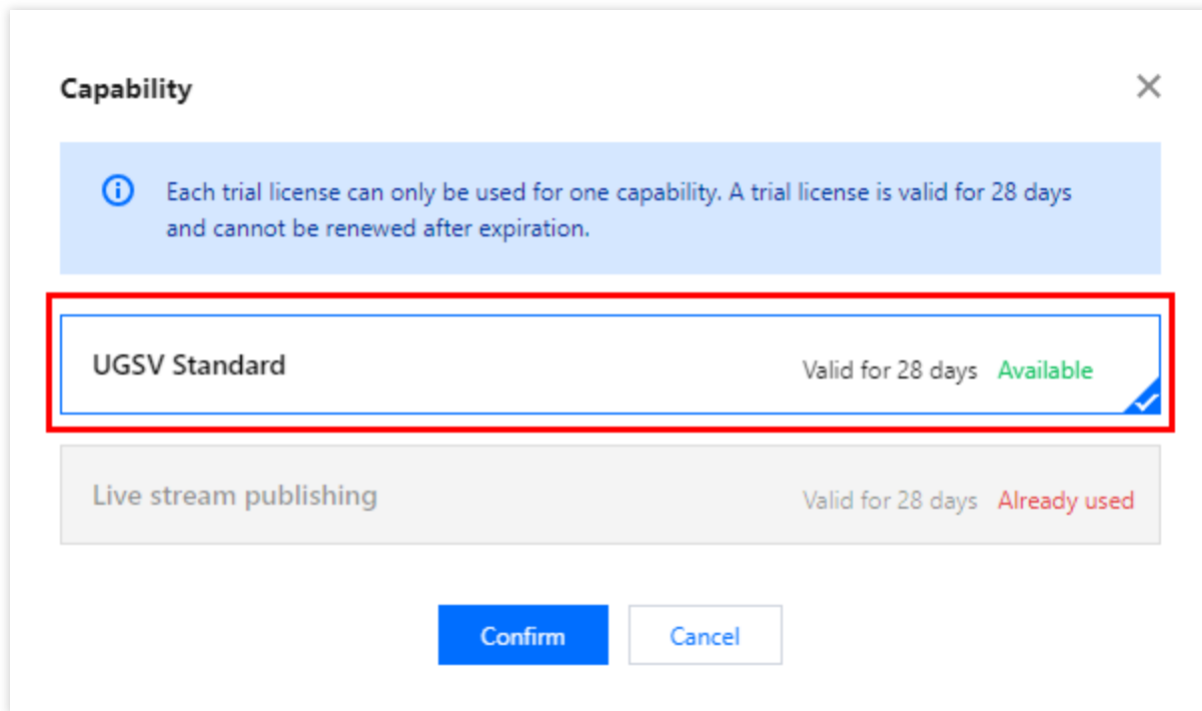

The screenshot shows the 'Trial license' page for a package named 'SDKTest'. The page includes a 'Basic information' section with fields for 'License URL' and 'License key'. Below this, there is a 'UGSV Standard' section with a status of 'Normal', features including 'Video production(basic) + Video playback', and a validity period from 2023-11-03 10:33:40 to 2023-12-02 00:00:00. A blue 'Upgrade' button is visible next to the 'UGSV Standard' section, and a blue 'Try more capabilities' button is located to the right.

Follow the steps below to activate **UGSV Standard** (UGSV + video playback) for an existing application

1. Select an existing trial license and click **Try more capabilities**.

The screenshot shows the 'Trial license' page for a package named 'TRTC test'. The page includes a 'Basic information' section with fields for 'License URL' and 'License key'. Below this, there is a 'Live stream publishing' section with a status of 'Normal', features including 'Publishing + Video playback', and a validity period from 2023-06-12 11:04:38 to 2023-07-11 00:00:00. A blue 'Upgrade' button is visible next to the 'Live stream publishing' section, and a blue 'Try more capabilities' button is highlighted with a red box to the right.

2. Select **UGSV Standard** (UGSV + video playback) , and click **Confirm**.

**Note :**

You can click **Edit** to modify the bundle ID and package name bound to a trial license. After modification, click **Confirm**.

You can enter  if you don't have a package name or bundle ID to bind yet.

A trial license is valid for 28 days. **You can apply for only one trial license for each capability.** To continue using the capability after a trial license expires, please purchase an [official license](#).

## Upgrading to an official license

Follow the steps below to upgrade from a trial license to an official license (valid for one year):

1. Click **Upgrade** in the **UGSV Standard** capability.

SDKTest **Trial license** Edi

Package name SDKTest Bundle ID SDKTest Creation time 2023-10-31 14:57:23

**Basic information**

License URL 🔗

License key 🔗

**UGSV Standard** Upgrade

Status Normal

Feature Video production(basic) + Video playback

Validity period 2023-11-03 10:33:40 - 2023-12-02 00:00:00

Try more capabilities

2. Enter the **Upgrade** interface, choose to upgrade to the **UGSV Standard** or **UGSV Lite**, click **Bind**. Select the unbound **UGSV Standard** or **UGSV Lite** package, click **Confirm** to upgrade and create an official application with the same package name. If there are no **UGSV Standard** or **UGSV Lite** packages available for binding, you may proceed to the [Purchase Page](#) to make a purchase.

### Upgrade ✕

#### Upgrade information

Current edition: UGSV Standard

Upgrade to:

**UGSV Standard**

Filters, special effects, transition effects, and more in addition to the capabilities of UGSV Lite

**UGSV Lite**

Video generation, upload, processing, and distribution, CDN playback, VOD playback

#### Bind license resources
