Specific products and services and the standards applicable to them are exclusively provided for in Tencent Cloud's applicable terms and conditions.

Privacy Policy

Last updated : 2021-10-15 16:03:49

1. INTRODUCTION

This Module applies if you use Tencent Cloud Elastic Microservice (“**Feature**”). This Module is incorporated into the privacy policy located at [Privacy Policy](#). Terms used but not defined in this Module shall have the meaning given to them in the Privacy Policy. In the event of any conflict between the Privacy Policy and this Module, this Module shall apply to the extent of the inconsistency.

2. CONTROLLERSHIP

The controller of the personal information described in this Module is as specified in the Privacy Policy.

3. AVAILABILITY

This Feature is available to users globally but primarily intended for users located in the same country/region as the selected service region for optimal performance.

4. HOW WE USE PERSONAL INFORMATION

We will use the information in the following ways and in accordance with the following legal basis:

Personal Information	Use	Legal Basis
Log Data: APPID, event type, event object (environment/service), event description, change status (whether the execution of the event is successful), creation/end time and source.	We use this information for troubleshooting and monitoring operations. Please note that this data is stored and backed up in our TencentDB for MySQL feature.	We process this information as it is necessary for us to perform our contract with you to provide the Feature.

5. HOW WE SHARE AND STORE PERSONAL INFORMATION

As specified in the Privacy Policy.

6. DATA RETENTION

We will retain personal information in accordance with the following:

Personal Information	Retention Policy
Log Data	Stored for the duration of your use of the Feature, and then deleted within 30 days.
