## Privacy Policy

Last updated : 2021-10-15 11:57:57

### 1. Introduction

This Module applies if you use Tencent Cloud Private DNS service **Feature**. This Module is incorporated into the privacy policy located at [Privacy Policy](#). Terms used but not defined in this Module shall have the meaning given to them in the Privacy Policy. In the event of any conflict between the Privacy Policy and this Module, this Module shall apply to the extent of the inconsistency.

### 2. Controllership

The controller of the personal information described in this Module is as specified in the Privacy Policy.

### 3. Availability

This Feature is available to users globally but primarily intended for users located in Hong Kong, Taiwan, Japan, Korea, Thailand, Canada, Russia, India, Singapore, Indonesia or Germany.

### 4. How We Use Personal Information

We will use the information in the following ways and in accordance with the following legal basis:

<b>Personal Information</b>	<b>Use</b>	<b>Legal Basis</b>
Tencent Cloud login data, APPID and UIN.	We use this information to authenticate and provide you with access to the Feature.	We process this information as it is necessary for us to

		perform our contract with you to provide the Feature.
<b>DNS resolution log</b> , including: log timestamp, customer CVM intranet IP, VPC gateway IP, VPC integer id, resolution record, record type encoding and reservation/resolution request type flag bit.	<p>We use this information for:</p> <ul style="list-style-type: none"> <li>• resolution volume statistics and charging;</li> <li>• provide access to the amount of resolution;</li> <li>and</li> <li>• locating and resolving malfunctioning/troubleshooting.</li> </ul>	We process this information as it is necessary for us to perform our contract with you to provide the Feature.

## 5. How We Share and Store Personal Information

As specified in the Privacy Policy.

## 6. Data Retention

We will retain personal information in accordance with the following:

Personal Information	Retention Policy
Tencent Cloud login data, APPID and UIN.	As specified in the Privacy Policy.
DNS domain name resolution log	The data is held for 180 days from creation and deleted thereafter.

# Data Processing And Security Agreement

Last updated : 2021-10-15 11:57:57

## 1. Background

This Module applies if you use Tencent Cloud Private DNS service **Feature**. This Module is incorporated into the Data Privacy and Security Agreement located at **DPSA**. Terms used but not defined in this Module shall have the meaning given to them in the DPSA. In the event of any conflict between the DPSA and this Module, this Module shall apply to the extent of the inconsistency.

## 2. PROCESSING

We will process the following data in connection with the Feature:

Personal Information	Use
<b>Domain name resolution record</b> , including: DNS domain name, UIN, APPID, host, type, value, weight, expiration time and TTL.	We use this information for completing the domain name resolution.

## 3. service region

As specified in the DPSA.

## 4. SUB-Processors

As specified in the DPSA.

## 5. data retention

We will store personal data processed in connection with the Feature as follows:

<b>Personal Information</b>	<b>Retention Policy</b>
DNS domain name resolution record	The data is held for so long as an account exists (unless determined that such records are at risk as a result of a cybersecurity incident).

You can request deletion of such personal data in accordance with the DPSA.

## 6. special conditions

You must ensure that this Feature is only used by end users who are of at least the minimum age at which an individual can consent to the processing of their personal data. This may be different depending on the jurisdiction in which an end user is located.
