Specific products and services and the standards applicable to them are exclusively provided for in Tencent Cloud's applicable terms and conditions.

Service Level Agreement

Last updated : 2022-02-11 10:44:05

In order to use the Message Queue TDMQ service (the "Service"), you should read and observe this Message Queue TDMQ Service Level Agreement (this "Agreement", or this "SLA") and the Tencent Cloud Service Agreement. This Agreement contains, among others, the terms and definitions of the Service, Service availability and Service uptime metrics, compensation plan and release of liabilities. Please carefully read and fully understand each and every provision hereof, and the provisions restricting or releasing certain liabilities, or otherwise related to your material rights and interests, may be in bold font or underlined or otherwise brought to your special attention.

Please do not purchase or use the Service unless and until you have fully read, and completely understood and accepted all the terms hereof. By clicking "Agree"/ "Next", or by purchasing or using the Service, or by otherwise accepting this Agreement, whether express or implied, you are deemed to have read, and agreed to be bound by, this Agreement. This Agreement shall then have legal effect on both you and Tencent Cloud, constituting a binding legal document on both parties.

1. Terms and Definitions

1.1 Message Queue TDMQ: Message Queue TDMQ (Tencent Distributed Message Queue, TDMQ), based on the Apache Pulsar project, is a Tencent Cloud–developed highly reliable distributed cloud message queue. Due to the separated structure of computing and storage, Message Queue TDMQ has good flexibility and malfunction recovery ability, and its open protocol interface supports compatibility with many popular message queues except Pulsar in a plug-in manner.

1.2 Service Month(s): means the calendar month(s) within the term of the Service purchased by you. For example, if you purchase the Service for a term of three months starting from March 17, there will be four (4) Service Months (the first Service Month from March 17 to March 31, the second from April 1 to April 30, the third from May 1 to May 31, and the fourth from June 1 to June 16). The availability of the Service will be calculated independently for each Service Month.

1.3 Total Time within a Service Month in Minutes: equals to the total number of days of the Service Month × 24 (hours) × 60 (minutes).

1.4 Service Downtime in Minutes: Service Downtime Calculated in Minutes = the time when the Service Unavailability is fixed - the time when the Service Unavailability starts. Service downtime means the time commencing from the malfunction until the recovery of Service, including any

unscheduled maintenance time. Service Unavailability that lasts for more than five (5) minute will be counted in the Service downtime. However, when the Service Unavailability is fixed within five (5) minute, which means that the actual downtime of the Service is less than five (5) minute, such downtime will not be counted in the Service downtime defined herein.

1.5 Monthly Service Fee: means the aggregate service fees paid by you for a Message Queue TDMQ service under certain Tencent Cloud account within one (1) Service Month, excluding the portion paid yet to be consumed, and the portion deducted by a voucher or promotional voucher, due to discounted service fee or otherwise deducted.

2. Service Availability

2.1 Calculation of Service Availability

Service Availability = (Total Time within a Service Month in Minutes - Service Downtime within a Service Month in Minutes) / Total Time within a Service Month in Minutes × 100%

2.2 Service Availability

The Service Availability of the Service provided by Tencent Cloud will be no less than 99.95%. You are entitled to the compensation as set forth in Section 3 (Service Compensation) below if the Service Availability fails to meet the aforementioned standard, other than in any circumstance as provided for in the release of liabilities provisions below.

If a Service Month has thirty (30) days, the total available time of Service in such month would be 30 (days) × 24 (hours) × 60 (minutes) × 99.95% = 43178.4 minutes; that is, the Service downtime in such month will be 43200 -- 43178.4 = 21.6 minutes.

3. Service Compensation

In respect of this Service, if the Service Availability fails to meet the abovementioned standard, you will be entitled to compensations in accordance with the following terms:

3.1 Standards of Compensation

(1) Compensations will be made **in the form of voucher** by Tencent Cloud, and you should follow the rules for using the voucher (including the valid term; for details, please refer to the rules of vouchers published on Tencent Cloud's official website). You cannot redeem such voucher for cash or request to issue an invoice for such voucher. Such voucher can only be used to purchase the Service by using your Tencent Cloud account. You cannot use the voucher to purchase other services of Tencent Cloud, nor should you give the voucher to a third party for consideration or for free.

(2) If the Service Availability for a Service Month fails to meet the standard, the amount of compensation will be calculated for such month independently, and **the aggregate amount shall be no more than the applicable Monthly Service Fee paid by you for such month** (the Monthly Service Fee referred to herein shall exclude the portion deducted by a voucher or promotional credit, due to discounted service fee or otherwise deducted).

Service Availability (Av) for a Service Month	Value of Compensation Voucher
99.95% > Av ≥ 99%	10% of the Monthly Service Fee
99% > Av ≥ 95%	25% of the Monthly Service Fee
95% > Av	100% of the Monthly Service Fee

3.2 Time Limit for Compensation Application

(1) If the Service Availability for a Service Month fails to meet the abovementioned Service Availability standard, you may apply for compensation **through (and only through) the support ticket system under your relevant account** after the fifth (5th) business day of the month immediately following such Service Month. Tencent Cloud will verify and ascertain your application upon receipt of such application. If there is any dispute over the calculation of the Service Availability for a Service Month, **both parties agree that the back-end record of Tencent Cloud will prevail.**

(2) **You should apply for such compensation no later than sixty (60) calendar days following the expiry of the applicable Service Month in which the Service Availability fails to meet the standard.** If you fail to make any application within such period, or make the application after such period, or make the application by any means other than that agreed herein, it shall be deemed that you have voluntarily waived your right to apply for such compensation and any other rights you may have against Tencent Cloud, in which case Tencent Cloud has the right to reject your application for compensation and not to make any compensation to you.

4. Release of Liabilities

If the Service is unavailable due to any of the following reasons, the corresponding Service downtime shall not be counted towards Service unavailability period, and is not eligible for compensation by Tencent Cloud, and Tencent Cloud will not be held liable to you:

4.1 any failure of the Service to meet the availability standard due to reaching or exceeding the limit of the scale of the single business instance purchased by you.

- 4.2 any system maintenance with prior notice by Tencent Cloud to you, including system cutover, maintenance, upgrade and malfunction simulation test.
- 4.3 any defects of data flow or management flow resulting from open source community.
- 4.4 any attack on your application endpoint or data, or any other mal-operation.
- 4.5 any failure of you to abide by user guide or suggestions for using Tencent Cloud products.
- 4.6 any Service unavailability or failure of the Service to meet the availability standard due to any reason not attributable to Tencent Cloud.
- 4.7 any loss or leak of data, passcode or password due to your improper maintenance or improper confidentiality measures.
- 4.8 any message delivery delay caused by you, including but not limited to message accumulation due to your low consumption process;
- 4.9 any message timing error caused by you, including but not limited to server clock inconsistency, time zone inconsistency.
- 4.10 any circumstances in which Tencent Cloud will be exempted or released from its liabilities (for compensation or otherwise) according to relevant laws, regulations, agreements or rules, or any terms of service, rules or guidelines published by Tencent Cloud separately.

5. Miscellaneous

5.1 You understand that Tencent Cloud cannot warrant that the Service is error free; however Tencent Cloud will endeavor to continuously improve the quality and level of its services. As such, you hereby agree that Tencent will not be deemed to have breached this Agreement in case of any error of the Service, as long as such error is unavoidable in the context of the then existing technologies in the industry. You agree to cooperate with Tencent to resolve aforementioned error.

5.2 The parties hereto acknowledge and agree that, for any losses incurred by you during the course of using the Service due to any breach by Tencent Cloud, the aggregate compensation amount payable by Tencent Cloud shall under no circumstance exceed the total service fees you have paid for the relevant Service which is not performed.

5.3 Tencent Cloud has the right to amend the terms of this Agreement as appropriate or necessary in light of changes in due course. You may review the most updated version of relevant Agreement terms on the official website of Tencent Cloud. If you disagree with such revisions made by Tencent Cloud to this Agreement, you have the right to cease using the Service; by continuing to use the Service, you shall be deemed to have accepted the Agreement as amended.

5.4 As an ancillary agreement to the Tencent Cloud Service Agreement, this Agreement is of the same legal effect as the Tencent Cloud Service Agreement. In respect of any matter not agreed herein, you shall comply with relevant terms under the Tencent Cloud Service Agreement. In case of

any conflict or discrepancy between this Agreement and the Tencent Cloud Service Agreement, this Agreement prevails to the extent of such conflict or discrepancy. (End of Document)
