## Cross-region Interconnection Service

### Terms

Last updated : 2017-10-12 21:19:52

**Welcome to Tencent Cloud Cross-region Connection Service!**

To use Tencent Cloud Cross-region Connection Service (hereinafter referred to as "Service"), you must read and abide by Tencent Cloud Cross-region Connection Service Agreement (hereinafter referred to as "Agreement"). Please make sure to carefully read and fully understand the terms and conditions herein, especially the restrictive or liability exemption terms, as well as any separate agreement or rules on the activation or use of a certain service. Restrictive or liability exemption terms may be highlighted in bold or with underlines for your attention.

Only after you have read and accepted all the terms and conditions of this Agreement as well as related agreements and rules can you use the Service. You agree to be subject to the terms and conditions of this Agreement as well as related agreements and rules by selecting "I have read the agreement" to go to the creation process or using the Service in any manner.

In the event of your violation of this Agreement, in any manner or by any means whatsoever, Tencent Cloud has the right to unilaterally take actions to restrict, suspend or terminate the provision of this Service to you depending on the severity of your violation, and to hold you liable for such violation.

## 1. Definition of Service

The "Service" herein refers to the Tencent Cloud Cross-region Connection Service as well as related technical and network support services.

## 2. Service Fee

The billing method and standard (in RMB) are subject to the price published on Tencent Cloud official website, unless otherwise agreed by both parties.

## 3. Customer's Rights and Obligations

3.1 You have the right to use the Service you purchase as well as the technical support and after-sales services provided by Tencent Cloud in accordance with this Agreement.

3.2 During the use of the Service, you shall abide by any applicable laws or regulations, and maintain the order and security of the Internet, and shall not engage in or facilitate any activity in violation of such laws or regulations, including but not limited to the following activities:

- Any Illegal activities involving lottery, gambling, "private server", "plug-in", etc.;
- Fraud or false or misleading behaviors or any behavior that infringes on any legitimate rights and interests of others such as intellectual property right;
- Release and dissemination of SPAM or reactionary, superstitious, obscene, pornographic, vulgar contents or illegal information;
- Any activities in violation of the operational rules of network, device or service linked with Tencent Cloud network;
- **Any activities that take up much of the cross-region connection resources and result in a heavy and unreasonable load on Tencent Cloud cross-region connection products or other users, or prevent Tencent Cloud network from running normally;**
- Any illegal or unauthorized interception, theft, interference or surveillance;
- Any activities that undermine or attempt to undermine the network security, including but not limited to malicious scanning over website and server, intrusion into a system and illegal acquisition of data by means of viruses, Trojan-horse programs, malicious codes, phishing and other methods;
- Any activities that change or attempt to change the system configuration provided by Tencent Cloud Cross-Region Connection Service or that compromise the system security;
- Any activities that prevent or disrupt the operation of Tencent Cloud Cross-region Connection Service or the use of such service by others by technical or other means;
- Any activities that disturb or attempt to disturb the normal operation of any of Tencent Cloud products, services and features in any way, or creation, release, dissemination of any tools and methods for such purposes;
- Any activities (including but not limited to "DNS resolution, "security service", "domain reselling" reverse proxy") that lead to frequent exposure of your business to such attacks as DDoS attack and affect Tencent Cloud service platform or others due to your failure to correct such activities in a timely manner or eliminate the effect of such activities as required by Tencent Cloud.

You shall not install or use any pirated software on Tencent Cloud service, and shall take effective measures to protect the security of your computer information system according to applicable national regulations, including but not limited to the installation of approved products specially designed for the security of computer information system.

You shall make payments on time. In the event of a late payment for a post-payment service, in addition to the fees due under the Agreement, you shall be liable to pay a late penalty to Tencent Cloud at a rate equal to 0.3% per day on the unpaid amount from the time due until the time the full outstanding amount including the penalty is paid. If you fail to make such payment within 15 days after the payment becomes due under this Agreement, Tencent Cloud has the right to unilaterally terminate this Agreement. If you have purchased pre-payment service at the same time, the paid amount for the unused service period will be owned by Tencent Cloud as such late penalty.

## 4. Tencent Cloud's Rights and Obligations

4.1 Tencent Cloud shall provide you with Tencent Cloud services and after-sale support according to this Agreement.

4.2 Tencent Cloud is only responsible for the operation and maintenance of Tencent Cloud services. It is your responsibility to ensure the security and stability of your network and devices. In the event of any of the following situations, you shall deal with the problem immediately and avoid the effect of such problem on Tencent Cloud services:

- Any problem with your internal network, including but not limited to overload;
- A failure of your self-owned device or a third-party device;
- Network interruption caused by your detach of devices or other operations without the content of Tencent Cloud;
- Any failure or network interruption on account of you.

4.3 If Tencent Cloud finds by itself or based on the information provided by competent authorities and the complaint filed by any right owner that you have violated any applicable laws or regulations or this Agreement, Tencent Cloud has the right to unilaterally take one or more of the following actions at its discretion:

- Request you to remove or modify any violating content immediately;
- Directly remove or block any violating content or disconnect the link;
- Restrict or suspend the provision of Tencent Cloud services to you (including but not limited to directly making some of your services offline and taking back related resources, setting restrictions on the operations of your Tencent Cloud account);
- In serious cases, Tencent Cloud has the right to terminate the provision of Tencent Cloud services to you or terminate this Agreement (including but not limited to directly making all of your services offline and taking back related resources). The amount paid by you for the unused service period will be owned by Tencent Cloud as the liquidated damages paid by you for the breach of the Agreement.

4.4 Tencent Cloud has the right to transfer the rights and obligations under this Agreement to a third party, in part or in whole, by giving a prior written notice of at least 90 days to you. Both parties agree to sign all the reasonably necessary documents and take all the reasonably necessary measures to bring this provision into effect.

# Peer Connection SLA

Last updated : 2018-12-14 18:34:07

## 1. Tencent Cloud Peering Connection Service

Tencent Cloud Peering Connection is a cloud-resource interconnection service featuring large bandwidth and high quality, allowing you to connect resource communication links on Tencent Cloud, details of which shall be subject to the introduction on the official website of Tencent Cloud.

## 2. Guaranteed Indicators of Service

Tencent Cloud sets up the service level indicators for the service purchased by you, and has the right to adjust certain indicators in response to the change of situations in due course.

### 2.1 Service Availability

Service Availability of Peering Connection is calculated based on each Service Period from the perspective of a single instance as follows:

$$\text{Service Availability} = ((\text{Total Time of a Service Period Calculated in Minutes} - \text{Service Downtime Calculated in Minutes}) / \text{Total Time of a Service Period Calculated in Minutes}) * 100\%$$

Peering Connection availability at the level of Platinum, Gold and Silver is set forth in the chart below. You are entitled to the compensation set forth in Section 3 hereunder if the guaranteed availability is not met.

QOS	Service Availability
Platinum	99.95% (0.36 h)
Gold	99.50% (3.6 h)
Silver	99.00% (7.2 h)

#### Relevant Explanations:

- Service Period: One calendar month will be counted as one service period.

- Total Time of a Service Period Calculated in Minutes: the number of days of the Service Period  $\times$  24 (hours)  $\times$  60 (minutes).
- Service Downtime Calculated in Minutes: When all the continuous attempted communication made by a client within one minute via designated Peering Connection fail, the Peering Connection instance service during such one minute shall be deemed unavailable. The sum of the unavailable minutes of the Peering Connection instance during a Service Period shall be the service downtime calculated in minutes for such Service Period. The guaranteed Service Availability indicator requires Peering Connection packet loss rate data, of which the original data shall be subject to Network Detection & Tencent Cloud backend monitoring data. Please enable the Network Detection service.
- Monthly Service Fee: the total service fee paid by a client in one calendar month for a single Peering Connection instance.
- The service downtime due to any of the following reasons is not eligible for compensation:
  - any system maintenance with prior notice by Tencent Cloud to a client, including system cutover, maintenance, upgrade and failure simulation test;
  - any failure or configuration adjustment of network or equipment that is not Tencent Cloud facility;
  - any hacker attack targeting the application or data information of a client;
  - any improper route configuration of a client;
  - any loss or leak of any data, pin or password due to improper maintenance or improper confidentiality measures of a client;
  - any upgrade of the operation system by a client on its own;
  - any application of a client or the installation;
  - any negligence of a client or any operation authorized by a client;
  - any force majeure event or accident;
  - any other reason not attributable to Tencent Cloud.

## 2.2 Privacy of Service

Clients may control and segregate external access by configuring access authentication settings in accordance with actual needs to ensure data privacy.

## 2.3 Review of Service

In accordance with the current laws and regulations, and provided that procedure and formality requirements are fully satisfied, Tencent Cloud may provide certain information (including operation log of key components, operation records of operation and maintenance personnel, operation records of the client, etc.) of the Peering Connection service, due to the need to cooperate with the supervision by the governmental supervisory authority or security evidence collection and investigation or otherwise.

# 3. Service Compensation

## 3.1 Scope of Compensation

Compensation is applicable when the guaranteed Service Availability of Peering Connection for a client is not met by the end of a month due to malfunction of Tencent Cloud.

## 3.2 Standards and Principles of Compensation

The compensation amount shall be calculated according to the standards set forth in the chart below based on monthly Service Availability of a single Peering Connection instance. The compensation will be made in the form of coupon only, and the total amount of the compensation shall not exceed the Monthly Service Fee (excluding the portion deductible by the coupon) paid by the client for such Peering Connection instance for such month of which the guaranteed Service Availability is not met.

QOS	Service Availability	Compensation Ratio
Platinum	$99.95\% > Av \geq 99.00\%$	10%
	$99.00\% > Av \geq 98.00\%$	25%
	$98.00\% > Av$	100%
Gold	$99.50\% > Av \geq 99.00\%$	10%
	$99.00\% > Av \geq 95.00\%$	25%
	$95.00\% > Av$	100%
Silver	$99.00\% > Av \geq 98.00\%$	10%
	$98.00\% > Av \geq 95.00\%$	25%

95.00% &gt; Av

100%

### 3.3 Application for Compensation

- If a client believes that Tencent Cloud fails to meet certain guaranteed service indicator set forth under the service level agreement (SLA), the client shall notify the customer manager in writing / by e-mail within twenty (20) business days following the occurrence of such failure.
- Upon verification and confirmation by Tencent Cloud of such failure to meet the indicator under the SLA, Tencent Cloud shall make corresponding compensation to the client according to the terms of the SLA.
- The coupon of an amount equivalent to the confirmed deductible fee will be accounted to the client during the following billing circle.

## 4. Miscellaneous

Tencent Cloud shall have the right to amend any provision of this SLA in response to the change of situations in due course, and such amendment will be concurrently published on the official website.

# NAT Gateway Service Level Agreement

Last updated : 2019-07-11 11:56:09

In order to use the Tencent Cloud NAT Gateway service (the "Service"), you should read and observe this NAT Gateway Service Level Agreement (this "Agreement", or this "SLA") and the [Tencent Cloud Service Agreement](#). This Agreement contains, *among others*, the terms and definitions of the Service, Service availability, compensation plan and release of liabilities. Please carefully read and fully understand each and every provision hereof, and the provisions restricting or releasing certain liabilities, or otherwise related to your material rights and interests, may be in bold font or underlined or otherwise brought to your special attention.

Please do not purchase or use the Service unless and until you have fully read, and completely understood and accepted all the terms hereof. By clicking "Agree"/ "Next", or by purchasing or using the Service, or by otherwise accepting this Agreement, whether express or implied, you are deemed to have read, and agreed to be bound by, this Agreement. This Agreement shall then have legal effect on both you and Tencent Cloud, constituting a binding legal document on both parties.

## 1. Terms and Definitions

**1.1 Tencent Cloud NAT Gateway Service:** is a network cloud service that supports IP address translation and enables high-performance Internet access for resources in Tencent Cloud. For details, please refer to the Service purchase by you and the contents of the Service provided by Tencent Cloud.

**1.2 Total Time within a Service Month Calculated in Minutes:** equals to the total number of days of the Service Month for NAT instances  $\times 24$  (hours)  $\times 60$  (minutes).

**1.3 Service Unavailability:** When all incoming and outgoing data packets of NAT Gateway instances within one minute have been discarded by the NAT Gateway (subject to the monitoring data of Tencent Cloud), it shall be deemed that the Service is unavailable for such NAT instance within such one minute.

**1.4. Service Downtime Calculated in Minutes:** With respect to a NAT Gateway instance, Service Downtime Calculated in Minutes = the time when the Service Unavailability is fixed -- the time when the Service Unavailability starts. Such downtime will be calculated in minutes, and when the downtime, or an unrounded portion thereof, is less than sixty (60) seconds, it will be rounded up to one (1) minute. For example, if the actual downtime of a NAT Gateway instance is one (1) minute and one (1) second, the Service Downtime Calculated in Minutes of such instance would be two (2) minutes. However, when the Service Unavailability is fixed within one (1) minute, which means that the actual

downtime of the Service is less than one (1) minute, such downtime will not be counted in the Service downtime defined herein.

**1.5 Service Month(s):** means the calendar month(s) within the term of the Service purchased by you. For example, if you purchase the Service for a term of three months starting from March 17, there will be four (4) Service Months (the first Service Month from March 17 to March 31, the second from April 1 to April 30, the third from May 1 to May 31, and the fourth from June 1 to June 16). The availability of the Service will be calculated independently for each Service Month.

**1.6 Monthly Service Fee:** means the aggregate service fees paid by you for a single NAT Gateway instance within one (1) calendar month, excluding the portion deducted by a voucher or promotional credit, due to discounted service fee or otherwise deducted.

## 2. Service Availability

### 2.1 Calculation of Service Availability

Service Availability is calculated for each Service Month with respect to each instance as follows:

Service Availability = (Total Time within a Service Month Calculated in Minutes - Service Downtime Calculated in Minutes) / Total Time within a Service Month Calculated in Minutes \* 100%

### 2.2 Standard of Service Availability

*\*The Service Availability of the Service will be no less than 99.99%. You are entitled to the compensation as set forth in Section 3 below if the Service Availability fails to meet the aforementioned standard, other than in any circumstance as provided for in the release of liabilities provisions below. \**

## 3. Service Compensation

In respect of this Service, if the Service Availability fails to meet the abovementioned standard, you will be entitled to compensations in accordance with the following terms:

### 3.1 Standards of Compensation

(1) **Compensations will be made in the form of couponvoucher by Tencent Cloud**, and you should follow the rules for using the couponvoucher (including the valid term; for details, please refer to the rules of couponvouchers published on Tencent Cloud's official website). You cannot redeem such couponvoucher for cash or request to issue an invoice for such couponvoucher. Such couponvoucher can only be used to purchase the Service by using your Tencent Cloud account. You cannot use the couponvoucher to purchase other services of Tencent Cloud, nor should you give the couponvoucher to a

third party for consideration or for free.

(2) If the Service Availability for a Service Month fails to meet the standard, the amount of compensation will be calculated for such month independently, and the aggregate amount shall be no more than the applicable Monthly Service Fee paid by you for such month (the Monthly Service Fee referred to herein shall exclude the portion deducted by a couponvoucher or promotional couponvoucher, due to discounted service fee or otherwise deducted).

Service Availability (Av) for a Service Month	Value of Compensation CouponVoucher
$99.99\% > Av \geq 99.95\%$	10% of the Monthly Service Fee
$99.95\% > Av \geq 99.50\%$	25% of the Monthly Service Fee
$99.50\% > Av$	100% of the Monthly Service Fee

### 3.2 Time Limit for Compensation Application

(1) If the Service Availability for a Service Month fails to meet the abovementioned Service Availability standard, you may apply for compensation through (and only through) the support ticket system under your relevant account after the fifth (5<sup>th</sup>) business day of the month immediately following such Service Month. Tencent Cloud will verify and ascertain your application upon receipt of such application. **If there is any dispute over the calculation of the Service Availability for a Service Month, both parties agree that the back-end record of Tencent Cloud will prevail.**

(2) **You should apply for such compensation no later than sixty (60) calendar days following the expiry of the applicable Service Month in which the Service Availability fails to meet the standard.** If you fail to make any application within such period, or make the application after such period, or make the application by any means other than that agreed herein, it shall be deemed that you have voluntarily waived your right to apply for such compensation and any other rights you may have against Tencent Cloud, in which case Tencent Cloud has the right to reject your application for compensation and not to make any compensation to you.

## 4. Release of Liabilities

**If the Service is unavailable due to any of the following reasons, the corresponding Service downtime shall not be counted towards Service Unavailability period, and is not eligible for compensation by Tencent Cloud, and Tencent Cloud will not be held liable to you:**

4.1 any system maintenance with prior notice by Tencent Cloud to you, including system cutover, maintenance, upgrade and malfunction simulation test;

- 4.2 any malfunction or configuration adjustment of any network or equipment that is not Tencent Cloud facility, such as any malfunction on the part of any operator;
- 4.3 any hacker attack on your application or data;
- 4.4 any improper policy configuration including that of a route or firewall;
- 4.5 any loss or leak of data, passcode or password due to your improper maintenance or improper confidentiality measures;
- 4.6 any of your applications or the installation;
- 4.7 any negligence on your part or any operation authorized by you;
- 4.8 any event of force majeure or accident;
- 4.9 any Service Unavailability or failure of the Service to meet the availability standard due to any reason not attributable to Tencent Cloud;
- 4.10 any other circumstances in which Tencent Cloud will be exempted or released from its liabilities (for compensation or otherwise) according to relevant laws, regulations, agreements or rules, or any terms of service, rules or guidelines published by Tencent Cloud separately.

## 5. Miscellaneous

**5.1 The parties hereto acknowledge and agree that, for any losses incurred by you during the course of using the Service due to any breach by Tencent Cloud, the aggregate compensation amount payable by Tencent Cloud shall under no circumstance exceed the total service fees you have paid for the relevant Service which is not performed.**

**5.2 Tencent Cloud has the right to amend the terms of this Agreement as appropriate or necessary in light of changes in due course. You may review the most updated version of relevant Agreement terms on the official website of Tencent Cloud. If you disagree with such revisions made by Tencent Cloud to this Agreement, you have the right to cease using the Service; by continuing to use the Service, you shall be deemed to have accepted the Agreement as amended.**

5.3 As an ancillary agreement to the Tencent Cloud Service Agreement, this Agreement is of the same legal effect as the Tencent Cloud Service Agreement. In respect of any matter not agreed herein, you shall comply with relevant terms under the Tencent Cloud Service Agreement. In case of any conflict or discrepancy between this Agreement and the Tencent Cloud Service Agreement, this Agreement prevails to the extent of such conflict or discrepancy. (End of Document)

# VPN Connection Service Level Agreement

Last updated : 2019-07-11 11:59:13

In order to use the Tencent Cloud VPN Connection service (the "Service"), you should read and observe this VPN Connection Service Level Agreement (this "Agreement", or this "SLA") and the [Tencent Cloud Service Agreement](#). This Agreement contains, *among others*, the terms and definitions of the Service, Service availability, compensation plan and release of liabilities. Unless otherwise stipulated, this Agreement does not apply to instances and functions of closed beta testing of VPN gateway. Please carefully read and fully understand each and every provision hereof, and the provisions restricting or releasing certain liabilities, or otherwise related to your material rights and interests, may be in bold font or underlined or otherwise brought to your special attention.

Please do not purchase or use the Service unless and until you have fully read, and completely understood and accepted all the terms hereof. By clicking "Agree"/ "Next", or by purchasing or using the Service, or by otherwise accepting this Agreement, whether express or implied, you are deemed to have read, and agreed to be bound by, this Agreement. This Agreement shall then have legal effect on both you and Tencent Cloud, constituting a binding legal document on both parties.

## 1. Terms and Definitions

- Tencent Cloud VPN Connection:** means a network-based tunneling technology provided by Tencent Cloud to you that enables data transfer between customer's local internet data centers and Tencent Cloud resources. For details, please refer to the Service you purchase, and the contents of the Service provided by Tencent Cloud.
- Single VPN Gateway Instance:** means one (1) VPN gateway instance. The Service Availability will be calculated on a Single VPN Gateway Instance basis.
- Service Month(s) of a Single VPN Gateway Instance:** means the calendar month(s) within the term of the Service purchased by you. For example, if you purchase the Service for a term of three months starting from March 17, there will be four (4) Service Months (the first Service Month from March 17 to March 31, the second from April 1 to April 30, the third from May 1 to May 31, and the fourth from June 1 to June 16). The availability of the Service will be calculated independently for each Service Month.
- Total Time of a Single VPN Gateway Instance within a Service Month:** the total number of days of the Service Month  $\times$  24 (hours)  $\times$  60 (minutes).

5. **Single VPN Gateway Instance Service Downtime Calculated in Minutes:** If (and only if) all your continuous attempts to connect a specific Single VPN Gateway Instance fail within one (1) minute, it shall be deemed that the Service with respect to such instance is unavailable within such one (1) minute. If the continuous attempts that have failed last less than one (1) minute, such period will not be counted into the Service downtime. The accumulated Service downtime so calculated in minutes of a Single VPN Gateway Instance within a Service Month is the Single VPN Gateway Instance Service Downtime for such Service Month.
6. **Monthly Service Fee:** means the aggregate service fees paid by you for a Single VPN Gateway Instance within one (1) Service Month, excluding the portion paid yet to be consumed, and the portion deducted by a voucher or promotional coupon, due to discounted service fee or otherwise deducted.

## 2. Service Availability

### 2.1 Calculation of Service Availability

Service Availability = (Total Time of a Single VPN Gateway Instance within a Service Month - Single VPN Gateway Instance Service Downtime Calculated in Minutes) / Total Time of a Single VPN Gateway Instance within a Service Month × 100%

### 2.2 Service Availability Standard

The Service Availability of the Service will be no less than 99.95%. You are entitled to the compensation as set forth in Section 3 below if the Service Availability fails to meet the aforementioned standard, other than in any circumstance as provided for in the release of liabilities provisions below.

Assuming that a Service Month has thirty (30) days, the total available time of a Single VPN Gateway Instance in such month would be 30 (days) × 24 (hours) × 60 (minutes) × 99.95% = 43,178.4 minutes; that is, the Service downtime of the instance in such month will be 43,200 - 43,178.4 = 21.6 minutes.

## 3. Service Compensation

In respect of this Service, if the Service Availability fails to meet the abovementioned standard, you will be entitled to compensations in accordance with the following terms:

### 3.1 Standards of Compensation

(1) Compensations will be made **in the form of voucher** by Tencent Cloud, and you should follow the rules for using the voucher (including the valid term; for details, please refer to the rules of vouchers published on Tencent Cloud's official website). You cannot redeem such voucher for cash or

request to issue an invoice for such voucher. Such voucher can only be used to purchase the Service by using your Tencent Cloud account. You cannot use the voucher to purchase other services of Tencent Cloud, nor should you give the voucher to a third party for consideration or for free.

(2) If the Service Availability for a Service Month fails to meet the standard, the amount of compensation will be calculated for such month independently, and **the aggregate amount shall be no more than the applicable Monthly Service Fee paid by you for such month** (the Monthly Service Fee referred to herein shall exclude the portion deducted by a voucher or promotional coupon, due to discounted service fee or otherwise deducted).

Service Availability (Av) for a Service Month	Value of Compensation Voucher
$99.95\% > Av \geq 99\%$	10% of the Monthly Service Fee
$99\% > Av \geq 95\%$	25% of the Monthly Service Fee
$95\% > Av$	100% of the Monthly Service Fee

### 3.2 Time Limit for Compensation Application

(1) If the Service Availability for a Service Month fails to meet the abovementioned Service Availability standard, you may apply for compensation **through (and only through) the support ticket system under your relevant account** after the fifth (5<sup>th</sup>) business day of the month immediately following such Service Month. Tencent Cloud will verify and ascertain your application upon receipt of such application. If there is any dispute over the calculation of the Service Availability for a Service Month, **both parties agree that the back-end record of Tencent Cloud will prevail.**

(2) **You should apply for such compensation no later than sixty (60) calendar days following the expiry of the applicable Service Month in which the Service Availability fails to meet the standard.** If you fail to make any application within such period, or make the application after such period, or make the application by any means other than that agreed herein, it shall be deemed that you have voluntarily waived your right to apply for such compensation and any other rights you may have against Tencent Cloud, in which case Tencent Cloud has the right to reject your application for compensation and not to make any compensation to you.

## 4. Release of Liabilities

**If the Service is unavailable due to any of the following reasons, the corresponding Service downtime shall not be counted towards Service unavailability period, and is not eligible for compensation by Tencent Cloud, and Tencent Cloud will not be held liable to you:**

- 4.1 any system maintenance with prior notice by Tencent Cloud to you, including system cutover, maintenance, upgrade and malfunction simulation test;
- 4.2 any malfunction or configuration adjustment of any network or equipment that is not Tencent Cloud facility;
- 4.3 any disconnection with the VPN tunnel due to any of your configuration errors;
- 4.4 any issue arising out of your back-end server anomaly;
- 4.5 any loss or leak of data, passcode or password due to your improper maintenance or improper confidentiality measures;
- 4.6 any negligence in authorization or mal-operation by you, or any of your equipment, or third-party software or device;
- 4.7 any failure of you to abide by user guide or suggestions for using Tencent Cloud products;
- 4.8 any delayed or discarded packet resulting from using Service capacity exceeding the capacity limit indicated for the current paid version of the Service;
- 4.9 any Service unavailability or failure of the Service to meet the availability standard due to any reason not attributable to Tencent Cloud;
- 4.10 any other circumstances in which Tencent Cloud will be exempted or released from its liabilities (for compensation or otherwise) according to relevant laws, regulations, agreements or rules, or any terms of service, rules or guidelines published by Tencent Cloud separately.

## 5. Miscellaneous

**5.1 The parties hereto acknowledge and agree that, for any losses incurred by you during the course of using the Service due to any breach by Tencent Cloud, the aggregate compensation amount payable by Tencent Cloud shall under no circumstance exceed the total service fees you have paid for the relevant Service which is not performed.**

5.2 Tencent Cloud has the right to amend the terms of this Agreement as appropriate or necessary in light of changes in due course. You may review the most updated version of relevant Agreement terms on the official website of Tencent Cloud. If you disagree with such revisions made by Tencent Cloud to this Agreement, you have the right to cease using the Service; by continuing to use the Service, you shall be deemed to have accepted the Agreement as amended.

5.3 As an ancillary agreement to the Tencent Cloud Service Agreement, this Agreement is of the same legal effect as the Tencent Cloud Service Agreement. In respect of any matter not agreed herein, you shall comply with relevant terms under the Tencent Cloud Service Agreement. In case of any conflict or discrepancy between this Agreement and the Tencent Cloud Service Agreement, this Agreement prevails to the extent of such conflict or discrepancy. (End of Document)
