# User Tutorial

Last updated : 2022-07-11 15:57:31

This document helps you get started with TencentDB for Redis.

## 1. Basic Knowledge

- [How does TencentDB for Redis work?](#).
  - [Why TencentDB for Redis?](#).
  - [What are some typical use cases of TencentDB for Redis?](#).
  - [What are the use limits of TencentDB for Redis?](#)
- 

## 2. Billing Mode

TencentDB for Redis is billed on a **pay-as-you-go** basis. For more information, see [Billing Overview](#).

---

## 3. Getting Started

### 3.1 Creating a TencentDB for Redis instance

Before using TencentDB for Redis, you need to sign up for a Tencent Cloud account and purchase a TencentDB for Redis instance. For more information, see [Creating TencentDB for Redis Instance](#).

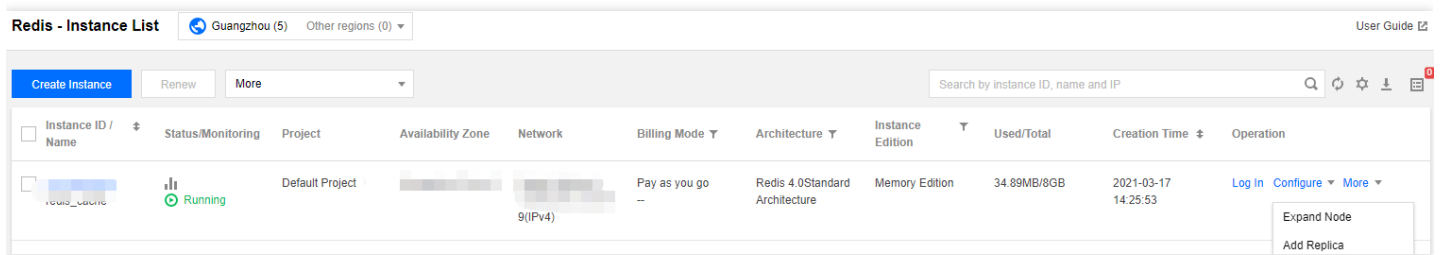

### 3.2 Connecting to the TencentDB for Redis instance

You can access the TencentDB for Redis instance over both the private and public networks from a CVM instance. For more information, see [Connecting to TencentDB for Redis Instance](#).

---

## 4. Console UI

Below is the overview page of the TencentDB for Redis console.

Redis - Instance List Guangzhou (5) Other regions (0) User Guide

[Create Instance](#) [Renew](#) [More](#)

Instance ID / Name	Status/Monitoring	Project	Availability Zone	Network	Billing Mode	Architecture	Instance Edition	Used/Total	Creation Time	Operation
[REDACTED]	<span>Running</span>	Default Project	[REDACTED]	[REDACTED] 9(IPv4)	Pay as you go	Redis 4.0Standard Architecture	Memory Edition	34.89MB/8GB	2021-03-17 14:25:53	<a href="#">Log In</a> <a href="#">Configure</a> <a href="#">More</a> <a href="#">Expand Node</a> <a href="#">Add Replica</a>

## 5. Console Features

- [Assign an instance to a project](#)
- [Change instance specifications](#)
- [Enable/Disable read/write separation](#)
- [Clear an instance](#)
- [Terminate an instance](#)
- [Upgrade the instance version](#)
- [Upgrade the instance architecture.](#)
- [Configure multi-AZ deployment](#)
- [Back up data](#)
- [Restore data](#)
- [Clone data](#)
- [Configure the network](#)
- [Configure a security group](#)
- [Perform monitoring](#)
- [Manage an account](#)
- [Disable a command](#)

## 6. FAQs

- [How do I connect to a TencentDB for Redis instance?](#)
- [What should I do if the connection to TencentDB for Redis failed?](#)
- [How do I view the private network address?](#)
- [What should I do if I accidentally delete my account or forget the password?](#)

- [How do I return a database?](#)
- 

## 7. Feedback and Suggestions

If you have any questions or suggestions about TencentDB for Redis, you can send your feedback through the following channels, and we will get back to you accordingly:

- To report a problem with the product documentation, such as incorrect content, broken links, or API errors, click **Documentation Feedback** at the bottom of the page.
- If you encounter any problems while using the product, [submit a ticket](#) for assistance.
