Purchasing a GPU Instance

You need to purchase a GPU instance first.

Getting Started with Windows GPU Cloud Computing (GCC) Instances

The creation and configuration of a Windows GCC instance follows the same steps as that of a Windows CVM instance. For more information, refer to Custom Configuration for Windows CVM.

Getting Started with Linux GCC Instances

The creation and configuration of a Linux GCC instance follows the same steps as that of a Linux CVM instance. For more information, see Custom Configuration for Linux CVM.
