SDK Download Guide

Last updated : 2021-08-31 15:28:55

This document describes how to download the SDKs for Tencent Cloud GME.

Updates

To make it easier for developers to integrate GME, we recommend developers to check [Release Notes](#) first before downloading any SDKs.

Getting Started

If it is your first time to use the SDK, please refer to [User Tutorial](#) to register for the service before downloading.

Download and Use

For any problems encountered when using the downloaded SDK or Demo, please see [Demo Usage](#), or [submit a ticket](#) for assistance.

Note :

To compile and run the downloaded demo, you need to replace relevant strings with the SDK AppID and key you have applied for. For example, the code file **UserConfig.cs** needs modification for using the Unity demo. For more information on the service application, please see [Voice Service Activation Guide](#).
