Authentication Upgrade for VPN-related APIs

Last updated : 2024-01-09 14:31:35

Tencent Cloud will upgrade the authentication feature for certain APIs of the VPN connection on July 29, 2021 at 00:00:00 (Beijing time). After the upgrade, the root account should [grant sub-users the policy permission](#) to use the upgraded APIs, or the API calls may fail.

Related APIs

API Name	Description
GET	DescribeVpnGatewayRoutes Queries routes of a VPN gateway
	DescribeVpnGatewayCcnRoutes Queries VPN gateway-based CCN routes
	DescribeVpnConnections Queries the VPN tunnel list
	DescribeCustomerGateways Queries customer gateways
	DownloadCustomerGatewayConfiguration Downloads a VPN tunnel configuration
POST	DeleteVpnGatewayRoutes Deletes routes of a VPN gateway
	ModifyVpnGatewayRoutes Modifies the route status of a VPN gateway
	CreateVpnGatewayRoutes Creates routes of a VPN gateway
	ModifyVpnGatewayCcnRoutes Modifies VPN gateway-based CCN routes

Granting Sub-accounts the Policy Permission

Please complete the policy authorization for your sub-users as instructed below to prevent failed calls to the upgraded APIs.

1. Log in to the [CAM console](#).
2. Click **Policies** on the left sidebar to access the **Policy** page.

3. Click **All Policies**.

4. Locate the target policy to authorize sub-users, and click **Associated Users/Groups** under the **Operation** column on the right.

5. In the pop-up window, select target users from the box on the left to the **Selected** box on the right, and click **Confirm**.

6. (Optional) if you need to associate a user group, please click **Switch to User Groups > User Group** in the pop-up window, and repeat the operations in [step 5](#).

Apr. 6, 2022 - SSL VPN Commercialized

Last updated : 2022-05-20 16:01:54

Dear Tencent Cloud user,

The SSL VPN service will be officially commercialized at 00:00 on April 6, 2022 and begins to incur fees. For billing information, see [Billing Overview](#).

Thank you for your support.

Regards,

Tencent Cloud Team
