Tencent Cloud Instant Messaging Service Level Agreement

In order to use the Tencent Cloud Instant Messaging (“IM”) service (the “Service”), you should read and observe this Tencent Cloud Instant Messaging Service Level Agreement (this “Agreement”, or this “SLA”) and the [Tencent Cloud Service Agreement](#). This Agreement contains, among others, the terms and definitions of the Service, Service availability and Service uptime metrics, compensation plan and release of liabilities. Please carefully read and fully understand each and every provision hereof, and the provisions restricting or releasing certain liabilities, or otherwise related to your material rights and interests, may be in bold font or underlined or otherwise brought to your special attention.

Please do not purchase the Service unless and until you have fully read, and completely understood and accepted all the terms hereof. By clicking “Agree”/ “Next”, or by purchasing or using the Service, or by otherwise accepting this Agreement, whether express or implied, you are deemed to have read, and agreed to be bound by, this Agreement. This Agreement shall then have legal effect on both you and Tencent Cloud, constituting a binding legal document on both parties.

1. Terms and Definitions

1.1 **Instant Messaging (IM)**: means a comprehensive instant messaging solution provided by Tencent Cloud featuring international access, one-to-one chat, group chat, push notification, profile and Web SDK hosting, account authentication, etc., with requisite capacities of APP integration and back-end management interface. For details, please refer to the Service you purchase and the contents of the Service provided by Tencent Cloud.

1.2 **Service Month(s)**: means the effective term within the term of the Service purchased by you. For example, if you purchase the Service for a term of three months starting from March 17, there will be three (3) Service Months (the first Service Month from March 17 to April 16, the second from April 17 to May 16, and the third from May 17 to June 16). The availability of the Service will be calculated independently for each Service Month.

1.3 **Monthly Service Fee**: means the aggregate service fees actually consumed by you within one (1) Service Month, excluding the portion paid yet to be consumed.

1.4 **Apparent Failure**: If all continuous attempts of a user to log in or send a message (including one-to-one messages and group chat messages) when using an APP or conducting back-end management through an interface of the Service fail within one (1) minute, it shall be deemed an Apparent Failure of the Service. However, if the log-in attempts succeed or the messages are successfully sent, in full or in part, when a user uses an APP or conducts back-end management through an interface of the Service, it will be deemed that the Service is available within such one (1) minute.

1.5 **Apparent Failure Calculated in Minutes**: means the accumulated Apparent Failure calculated in minutes within a Service Month.

2. Service Availability

2.1 Calculation of Service Availability

Service Availability = $1 - (\text{Apparent Failure Calculated in Minutes within a Service period} / \text{total time of a Service period calculated in minutes}) \times 100\%$

2.2 Standard of Service Metrics

The Service Availability of the Service provided by Tencent Cloud will be no less than 99%. You are entitled to the compensation as set forth in Section 3 below if the Service Availability fails to meet the aforementioned standard, other than in any circumstance as provided for in the release of liabilities provisions below.

3. Service Compensation

In respect of this Service, if the Service Availability fails to meet the abovementioned standard, you will be entitled to compensations in accordance with the following terms:

3.1 Standards of Compensation

(1) Compensations will be made **in the form of voucher** by Tencent Cloud, and you should follow the rules for using the voucher (including the valid term; for details, please refer to the rules of vouchers published on Tencent Cloud's official website). You cannot redeem such voucher for cash or request to issue an invoice for such voucher. Such voucher can only be used to purchase the Service by using your Tencent Cloud account. You cannot use the voucher to purchase other services of Tencent Cloud, nor should you give the voucher to a third party for consideration or for free.

(2) If the Service Availability for a Service Month fails to meet the standard, the amount of compensation will be calculated for such month independently, and **the aggregate amount shall be no more than the applicable Monthly Service Fee paid by you for such month** (the Monthly Service Fee referred to herein shall exclude the fee deducted by a voucher or promotional coupon, Service fee discounted or waived, or fees otherwise deductible).

| Service Availability(Av) for a Service Month | Value of Compensation Voucher |
|--|--------------------------------|
| 99% > Av ≥ 95% | 10% of the Monthly Service Fee |
| 95% > Av ≥ 90% | 20% of the Monthly Service Fee |
| 90% > Av | 30% of the Monthly Service Fee |

3.2 Time Limit for Compensation Application

(1) If the Service Availability for a Service Month fails to meet the abovementioned Service Availability standard, you may apply for compensation **through (and only through) the support ticket system under your relevant account** after the fifth (5th) business day of the month immediately following such Service Month. Tencent Cloud will verify and ascertain your application upon receipt of such application. If there is any dispute over the calculation of the Service Availability for a Service Month, **both parties agree that the back-end record of Tencent Cloud will prevail.**

(2) **You should apply for such compensation no later than sixty (60) calendar days following the expiry of the applicable Service Month in which the Service Availability fails to meet the standard.** If you fail to make

any application within such period, or make the application after such period, or make the application by any means other than that agreed herein, it shall be deemed that you have voluntarily waived your right to apply for such compensation and any other rights you may have against Tencent Cloud, in which case Tencent Cloud has the right to reject your application for compensation and not to make any compensation to you.

4.Release of Liabilities

If the Service is unavailable due to any of the following reasons, the corresponding Service downtime shall not be counted towards Service unavailability period, and is not eligible for compensation by Tencent Cloud, and Tencent Cloud will not be held liable to you:
