Creating a Meeting

You can create a meeting in two ways: **Schedule a meeting** and **Start a meeting**, which differ as follows:

Type	Description
Schedule a meeting	You need to enter the meeting information. The scheduled meeting will be retained for 30 days, during which you can join the meeting at any time.
Start a meeting	You don't need to enter the meeting information. The meeting will be retained for only one hour, after which the system will end the meeting if there are no attendees in it.

When scheduling a meeting, you can choose to schedule a public or recurring meeting. For their differences and creation methods, see below:
