Billing Overview

Last updated : 2022-08-19 15:23:42

Tencent Cloud Face Recognition API calls are billed by the number of calls. Calls in the current month will be settled at the beginning of the next month.

To purchase the service, [contact us](#).

Note :

- There are multiple [group management](#) APIs. Only [CreatePerson](#) API and [CreateFace](#) API incur fees, and their calls will be combined into group management calls.
- All [face verification APIs](#) incur fees, and their calls will be combined into face verification calls.
- All [face search APIs](#) incur fees, and their calls will be combined into face search calls.

Settlement method

After the total number of monthly API calls reaches a tier, all calls will be billed at the unit price of the tier. The higher the tier, the lower the unit price.

Bills for the current month will be pushed on the 1st day of the next month and automatically settled by the system.

Purchase Method

Last updated : 2020-07-24 09:57:34

Purchase Method

The service is pay-as-you-go. On the 1st to 3rd day of each month, the system will generate bills for the previous month and automatically deduct fees from your account. You can activate the service in the following steps:

1. Log in to the [Face Recognition Console](#).
2. Read the Terms of Service for Face Recognition and select the service to be activated.

Payment Overdue

Last updated : 2022-06-10 10:32:10

Overdue Payment

Face Recognition bills for the current month will be pushed and automatically settled on the 1st day of the next month. The service will stop when there is overdue payment, and resume after the payment is made.
