# Getting Started

Last updated : 2024-03-26 16:55:34

This document describes the process from purchasing a cluster to using it normally.

## Directions

From purchasing a TDSQL-C for MySQL cluster to using it, you need to complete the following steps.

### Step 1

[Register a Tencent Cloud account.](#)

[Complete identity verification.](#)

### Step 2

Purchase Provisioned Resource or serverless clusters. For detailed directions, see the following documents:

[Creating Provisioned Resource Cluster.](#)

[Creating Serverless Cluster.](#)

### Step 3

Check whether the security group has been configured. If you didn't configure it when purchasing the cluster, see

[Creating and Managing TencentDB Security Groups.](#)

### Step 4

[Create a database account](#) for the cluster.

### Step 5

[Connect to the TDSQL-C for MySQL cluster.](#)
