Billing Overview

Last updated : 2024-01-19 16:46:19

Cloud Data Warehouse has three billable items and supports pay-as-you-go billing mode.

Billable Items

The three billable items of a Cloud Data Warehouse cluster are as detailed below:

Billable Item	Description
Compute node	Fees incurred by CVM resources consumed by compute nodes
ZooKeeper node	Fees incurred by CVM resources consumed by ZooKeeper nodes
Storage	Fees incurred by storage resources consumed by compute or ZooKeeper nodes

Billing Mode

Billing Mode	Payment Mode	Use Case
Pay-as-you-go	Postpaid , where you should make a payment before creating clusters and using resources.	It is suitable for short-term use cases, such as testing and immediate release after use.

Specification Pricing

Different Cloud Data Warehouse specifications are as priced below:

Node Specification	Pay-As-You-Go (USD/Hour)
Standard 4-core 16 GB	0.25438
Standard 8-core 32 GB	0.477792
Standard 16-core 64 GB	0.926828
Standard 32-core 128 GB	2.594676
Standard 64-core 256 GB	5.1429
Standard 128-core 256 GB	6.197076
Big Data 64-core 256 GB	9.381092

Big Data 84-core 320 GB	11.48028
High I/O 32-core 128 GB	3.437448
High I/O 64-core 256 GB	6.843928
High I/O 84-core 320 GB	8.412236

The three Cloud Data Warehouse storage media are as priced below:

Storage Type	Pay-As-You-Go (USD/GB/Hour)
Premium Cloud Storage	0.000079
SSD cloud disk	00.0004266
Enhanced SSD cloud disk	0.0005214

Expiration and Payment Overdue

Last updated : 2024-01-19 16:46:19

Note:

If you are a customer of a Tencent Cloud partner, the rules regarding resources when there are overdue payments are subject to the agreement between you and the partner.

From seven days before your resource expires until it is released, the system will send alerts to your Tencent Cloud account creator and collaborators as configured in [message subscription](#) by email and SMS.

Billing Mode	Isolation and Release Policy
Pay-as-you-go	If your Tencent Cloud account has overdue payments for two hours, all postpaid resources under your account will be isolated and become unavailable; after 24 hours of isolation, the resources and data will be released and deleted, and the deleted data cannot be recovered.

Refund

Last updated : 2024-01-19 16:46:19

1. Payments will be proportionally refunded to the payer's Tencent Cloud account in accordance with the payment method (cash or gift card) and percentage.
2. Refund = currently effective order amount (with discounts and vouchers applied) + ineffective order amount - used resource value

Note:

If the value of used resources is greater than the sum of the currently effective order amount and the ineffective order amount, the refund amount will be 0, and no additional fees will be charged.

3. If a resource is refunded and then restored, it cannot be refunded again within 6 hours.

Configuration Adjustment Billing

Last updated : 2024-01-19 16:46:19

Pay-As-You-Go

Billing rules remain the same after configuration adjustment, where resources are billed hourly at the corresponding cluster configuration.
