Who can view the iteration list?

All project members can view the list.

How are iterations sorted?

Iterations are sorted by successive phases: not started, in progress, and completed. Iterations cannot be reverted to the previous phase.

What are the issue statuses?

The three basic issue statuses are: not started, in progress, and completed.

Can I add a sub-requirement to an iteration?

Sub-requirements cannot be added to iterations separately. Requirement descriptions of and statistics in iterations refer to level-1 requirements and do not include sub-requirements.

What are the default requirement statuses?

By default, requirements have five statuses: pending review, reviewed, developing, released, and closed.
