User Guide

Last updated：2022-08-29 09:39:50

This document describes how to get started with TTS.

1. Basic Knowledge

- TTS overview
- Why TTS
- TTS use cases

2. Billing Mode

TTS is pay-as-you-go. You should fully understand the billing mode of TTS to choose the most appropriate billing plan. For more information, see Purchase Guide.

3. Getting Started

3.1 Sign up and log in

Log in at the Tencent Cloud official website. If you don't have an account yet, sign up as instructed in Signing Up.

3.2 Activate the service

After signup, log in to the TTS console to activate the TTS service.

3.3 Create a key

Go to the API key management page and click **Create Key** to generate `AppID`, `SecretId`, and `SecretKey` for generating signatures during API call.

3.4 Connect

Use the SDK (recommended) and API for connection as needed.

3.5 View calls

After connection, you can log in to the TTS console to view the details of synthesis of text to speech.

4. TTS APIs

To	Read
View the API call method	Call Method
Access the `TextToVoice` API	TextToVoice

5. FAQs

Billing

- How is TTS billed?

Operations

- What languages does TTS support?
- What voices does TTS offer?
- What are the differences between standard and premium voices?
- Does TTS support custom pronunciation or number reading?
- Will I be charged extra if I use SSML?

6. Feedback and Suggestions

If you have any questions or suggestions about TTS, you can send your feedback to us through the following channels, and we will get back to you:

- To report a problem with the product documentation, such as incorrect content, broken links, or API errors, click **Send Feedback** at the bottom of the page.
- If you encounter any problems while using the product, submit a ticket for assistance.
