## Downloading the Demo

Download and install the [LCIC macOS demo](#).

## Experience flow

1. Open the app, click on "Create ", and fill in the classroom parameters.

2. Enter the necessary information to create a class. Return to the homepage, click **Log in**, select the **Teacher** role, and click **Enter**.

3. If you choose not to enter, you can return to view the list of recent classrooms. Click "Join Classroom" in the classroom list to join the classroom as a student.

4. Clicking on "Enter Classroom" allows you to modify your role and device settings upon entry.

5. After entering the classroom, the classroom number will be displayed at the top. Other clients can enter the classroom and interact by entering the same classroom number.

# Windows

Last updated : 2023-07-13 16:38:57

## Downloading the Demo

Download the [64-bit Windows demo](#) or [32-bit Windows demo](#).

## Experience flow

1. Open the app, click on "Create ", and fill in the classroom parameters.

2. Enter the necessary information to create a class. Return to the homepage, click **Log in**, select the **Teacher** role, and click **Enter**.

3. If you choose not to enter, you can return to view the list of recent classrooms. Click "Join Classroom" in the classroom list to join the classroom as a student.

4. Clicking on "Enter Classroom" allows you to modify your role and device settings upon entry.

5. After entering the classroom, the classroom number will be displayed at the top. Other clients can enter the classroom and interact by entering the same classroom number.

# Web

Last updated : 2023-07-13 16:39:51

If you use the SDK for web, you can try out the service with no need to use a demo package:

## 体验流程

1. Open your web browser (Chrome is recommended).
2. Access [LCIC](#).
3. Sure, please provide me with the specific parameters you would like to fill in for creating the classroom.

4. Once the classroom is created, click "**Enter Now**" to join the classroom as a **teacher**.

5. Sure, please provide me with the link to the **classroom** you would like to join.

6. Great, please enter the **classroom ID** and select your role, then click "**Enter Now**" to join the **classroom**.

## Demo

### Note:

You can also download and install the [tryout demo](#) to quickly try out LCIC.

1. Download the [development demo](#).
2. Decompress the downloaded file and do as instructed in the README file.

## Directions

1. Open a terminal window and go to the `TCICWebApp.xcodeproj` folder.
2. Type `pod install` , and wait for the download to finish.
3. Type `open TCICWebApp.xcworkspace` .
4. Connect to a phone and use Xcode to install `TCICWebApp` on the phone.

## Tryout

1. Open the application.
