# User Guide

Last updated : 2024-07-18 14:26:14

This document helps new users quickly understand and use TRTCC.

## Step 1: Understand TRTCC

TRTCC is a full-lifecycle and one-stop intelligent assistant for accessing TRTC. You can use TRTC to quickly access or migrate to TRTC. For different scenarios, TRTCC provides [scenario-based solutions](#) and experience demos. When you are using TRTC, TRTCC can assist you in diagnostics, troubleshooting, and potential threat detection.

## Step 2: Experience TRTCC

### Scenario-Based Solutions

TRTCC provides solutions for scenarios such as [voice chat room](#), [online karaoke](#), [live streaming](#), [large class](#), [small class](#), and [online examination](#). These solutions systematically summarize scenario implementation schemes and project development procedures to help you quickly get familiar with relevant scenarios, access TRTC, and launch projects.

Scenario-based solutions are presented on Tencent Cloud Documentation. You do not need to log in but can click [here](#) to view these solutions.
