| <b>UIN</b>   | We use this information to identify your usage of the Feature.<br>Please note that this data is stored in our ES feature.                                       | We process this information as it's necessary for us to perform our contract with you to provide the Feature. |
| <b>SDK APPID</b> (created with your UIN for different applications)  | We use this information to identify your usage of other applications as part of the Feature.<br>Please note that this data is stored in our ES feature.         | We process this information as it's necessary for us to perform our contract with you to provide the Feature. |
| <b>Troubleshooting Data:</b><br>End user's APPID, data regarding functions controlled by the end-user (enable video, disable video, enable audio, disable audio), enter room, leave room, mute function, room ID, CPU usage, memory usage, network latency, packet loss, resolution, bitrate, frame rate, volume | We use this information to detect and locate problems experienced by end users, for troubleshooting.<br>Please note that this data is stored in our ES feature. | We process this information as it's necessary for us to perform our contract with you to provide the Feature. |

## 5. HOW WE STORE AND SHARE PERSONAL INFORMATION

As specified in the Privacy Policy.

With respect to personal data processed when you visit or access our Feature website, your IP address is shared with our third party service provider, AroundDeal Holdings Limited, who will use this information to provide us the Corporate Website Visitor Information.

## 6. DATA RETENTION

We will retain personal information in accordance with the following:

| Personal Information                  | Retention Policy  |
|---------------------------------------|---|
| IP Address and visited time           | We retain such data for 180 days.   |
| Corporate Website Visitor Information | For EEA and UK based corporate website visitors, we will not receive or process their corporate contact information. Otherwise, for corporate website visitors based in other jurisdictions, we retain such data for 180 days, unless in the case of direct marketing (to the extent applicable and relevant to your jurisdiction), in which case we retain such data until you inform us that you no longer wish to receive promotional information. |
| Account Information                   | We retain such data for so long as an account exists. Information is erased within thirty (30) days of the date the account is deleted.   |
| Console Configuration Data            | We retain such data for as long as you use the Feature. When your use of the Feature is terminated or when your account is deleted, we will delete this data within 7 days.   |
| Backend Log                           | Stored for 14 days.   |
| Dashboard Information                 |   |
| SDK Log Data                          |   |
| UIN                                   |   |
| SDK APPID                             |   |
| Troubleshooting Data                  |   |

# Data Processing And Security Agreement

Last updated : 2023-10-13 11:39:48

## 1. BACKGROUND

This Module applies if you use the Tencent Real-Time Communication feature (“**Feature**”). This Module is incorporated into the Data Processing and Security Agreement located at (“**DPSA**”). Terms used but not defined in this Module shall have the meaning given to them in the DPSA. In the event of any conflict between the DPSA and this Module, this Module shall apply to the extent of the inconsistency.

## 2. PROCESSING

We will process the following data in connection with the Feature:

| Personal Information  | Use  |
|---|--|
| <b>Audio and video content of end-users</b>   | We only process this data for the purposes of providing the Feature to you, i.e. the delivery of audio-visual content<br>(We do not store any such data for this purpose). |
| <b>Customer temporary key information:</b> SDK APPID, Username, Private Key   | We use this information to identify your usage of the Feature.   |
| <b>Customer log data relating to applications:</b> SDK APPID, Application Name, Tag, Service status, Creation time, Operation | We use this information to maintain records relating to the applications you created through the use of the Feature.   |

## 3. SERVICE REGION

As specified in the DPSA.

## 4. SUB-PROCESSORS

As specified in the DPSA.

## 5. DATA RETENTION

We will store personal data processed in connection with the Feature as follows:

| Personal Information  | Retention Policy  |
|---|---|
| <b>Customer temporary key information:</b><br>SDK APPID, Username, Private Key  | We retain such data for as long as you use the Feature. When your use of the Feature is terminated or when your account is deleted, we will delete this data within 7 days. |
| <b>Customer log data relating to applications:</b> SDK APPID, Application Name, Tag, Service status, Creation time, Operation | We retain such data for as long as you use the Feature. When your use of the Feature is terminated or when your account is deleted, we will delete this data within 7 days. |

You can request deletion of such personal data in accordance with the DPSA.

## 6. SPECIAL CONDITIONS

You must ensure that this Feature is only used by end users who are of at least the minimum age at which an individual can consent to the processing of their personal data or that parental consent is obtained for individuals under the minimum age. This may be different depending on the jurisdiction in which an end user is located.

You represent, warrant and undertake that you shall obtain and maintain all necessary consents from End Users in respect of the processing of their personal data in respect of the Feature, in accordance with applicable laws and so as to enable us to comply with applicable laws.
