Identity Verification for Tencent Cloud International Account

1. As required by Chinese laws and regulations, users must verify their identity information before using cloud resources in China.
2. Identity Verification for Individual :
 - 2.1 Enter the **Identity Verification** page, and select **Individual**.

The screenshot shows the 'Identity Verification' page in the Tencent Cloud Account Center. On the left is a sidebar with 'Account Center' and a list of menu items: 'Account Information', 'Security Setting', 'Project Management', and 'Identity Verification' (which is highlighted). The main content area is titled 'Identity Verification' and contains a blue informational banner at the top stating: 'As required by China's relevant laws and regulations, you need to verify your identity when you purchase domestic node resources. Please submit your identity information before proceeding. [link](#)'. Below the banner, the section 'Select certificate type' is active, with the 'Individual' radio button selected. Under 'Individual', there are two tabs: 'Passport' (selected) and 'Driving License'. The form fields include: 'Full Name' (placeholder: 'Enter the name on your passport'), 'Passport ID' (placeholder: 'Enter passport ID'), 'Address' (placeholder: 'Enter address'), and 'Passport Photo' (a placeholder image with an 'Upload' button). Below the photo upload area, it specifies '.jpg or .png file, up to 2 MB'. At the bottom, there is a checked checkbox with the text: 'As to Verification Agreement, I confirm that the information provided is complete.'

- 2.2 Select a certification type. Only passport and driving license are supported for individual verification.
 - 2.3 Enter the information consistent with the certification.
 - 2.4 Wait for review to be completed. It usually takes 2-4 work days.
3. Identity Verification for Company :
 - 3.1 Enter the **Identity Verification** page, and select **Company**.
